Section 1

The Boiler Survey became due in the case of this vessel in June last.

The Society's Principal Surveyor at Kobe now forwards a translation of a letter, received from the Owners, stating that "in certain circumstances" they have decided to transfer the classification of the vessel from this Society to the British Corporation.

In the circumstances the Classing Committee, who had the case before them on Friday, 6th instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (. . .) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

12th October, 1939.
