Dear Sirs,

t.s.m.v. "Wellfield".

We have recently received an account from Lloyd's Register, New York, for survey fees on work carried out upon this vessel when recently at that port and they include special examination for special No.1 survey, as applied to present-day conditions, part continuous oil engine survey, donkey boiler survey, tail shaft survey, and examination of electrical installation.

As we have had no record of the scale of fees current in the United States, we shall be glad if you will give us an indication for our future guidance.

Yours faithfully,  
For HUNTING & SON, LTD.,
