27th August, 1931.

Dear Sirs,

I am in receipt of your letter of the 26th instant in connexion with the proposal to lengthen the Motor Ship "WELLFIELD" by 24'-3", and desiring to be furnished with copies of the plans stated to have been approved for this alteration.

With regard thereto I have to state that, at the request of Messrs. Curchin & Watson, the case received consideration, and they were informed that the scantlings as already provided in the ship are in accordance with the Committee's Rules for a vessel of the increased length now proposed - please see my letter of the 26th ultimo addressed to this Firm, of which a copy was forwarded to you.

No plans have been approved or submitted in connexion with the proposed lengthening, and the statement made in my letter of the 5th instant was in error.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

NEWCASTLE-on-TYNE.
