LONDON

Dear Sir,

T.S.M.V. "WELLFIELD".

Whilst the repairs to the above-named vessel are in progress, it is proposed to take the opportunity of carrying out the second classification survey.

We have also under consideration a proposal for lengthening this vessel by 24'-3" in accordance with the plans submitted to you by Messrs. Curchin & Watson and for which your approval, we understand, has been given.

This proposal has not yet been definitely approved by the Directors, nor has the main contract for hull repairs yet been made, but as the time between docking and pulling the vessel apart will be very short, this will serve to notify you of our intentions should this Company decide to proceed with the scheme.

We shall keep in touch with the local Surveyors when the main repair contract is settled.

Yours faithfully,

For HUNTING & SON, LTD.

John H. Hunter
MARINE SUPT.

W134-0133

Referred to the Chief ~~Ship~~ Surveyor.
