This vessel was recently purchased by  
German Owners and arrived at Hamburg on the 19th  
ultimo.

No major surveys are due on  
this vessel, but a number of corroded bulkhead plates  
require to be renewed before she is re-commissioned,  
and in reply to enquiry the Hamburg Surveyors have  
forwarded a letter from the new Owners requesting the  
withdrawal of her classification from the Society's  
Register Book, and stating that she has been classed  
with the G.L.

The Classing Committee had the case  
before them on Wednesday, the 31st ultimo, when they  
decided to give instructions for the vessel's character  
to be withdrawn from the Society's Register Book and  
Three Dots (. . .) inserted in lieu thereof, indicating  
5,39 withdrawal of class at Owners' request.

  
1st June, 1939.
