High Close,

ENCLOSURE

22nd April,

Dear Sir,

S.

I am in receipt of your letter of 5th instant forwarding a copy of the report survey held on the boiler of the Trawler "and am obliged to you for your attention the

of
It is noted that a number "NYGCJABERG" in the boiler have been renewed but in the matter found some longitudinal stays were these have been built up by means of screw stays. A repair of this nature is not that it was this Society and it is therefore wasted and that point out that before re-clas of electric weld considered arrangements wirary to the Rules any of the stays so repaired thought well
sification can be

I would also require to be m
6th November 1940 (incor be renewed
and would add that so far
concerned before re-c
will be necessary for
v copies
