Hamburg, 4th Jan. 1936.

Dear Sir,

With reference to the First Entry Report No 21754 on the motorship "ANNELIESE ESSBERGER", Messrs. Deutsche Werft's Yard No 164, which is being sent to you today under separate cover, I have to advise you that the amount of the fees, which will be charged, has been left out of the report in the meantime, as the question as to whether the Builders will pay the Society's fees in Pounds or in Reichsmarks is at the moment open and a decision on this point is expected in the course of a few days.

I am, Dear Sir,

Yours faithfully

J. Christie

The Secretary,
