The 2nd Special Survey No.3 became due in September, 1939 and the Boiler Survey in December last.

In reply to enquiry Mr. H. Jasper Cox, the Society's Principal Surveyor for the Far East, forwards a letter from the Owners from which it appears that owing to their own circumstances they have decided to discontinue the vessel's classification with this Society.

In the circumstances the Classing Committee, who had the case before them at their meeting on Tuesday, 2nd instant, decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (. . .) inserted 4,40 in lieu thereof, indicating withdrawal of class at Owners request.

4th April, 1940.
