

S.S. "ZEMBRA"

This case is stated in the memorandum dated the 24th ultimo.

A letter has now been received from Messrs. Stelp & Leighton Ltd., in which they enclose a copy of one received by them from Messrs. Fried Krupp A.G., Rotterdam, requesting to be furnished with certificates relating to the tests of the material used in the construction of the Deighton furnaces (with tensile value) fitted in the main boilers of this vessel.

IT IS SUBMITTED the Glasgow Surveyors be requested to prepare the necessary certificates and forward same to this Office as soon as possible.

Messrs. Stelp & Leighton should be advised of the action being taken.
