E. C. 3.

Dear Sir,

We thank you for your letter of the 24th instant,
together with letter in duplicate addressed to Messrs Fried.
Krupp A.G., Rotterdam, original of which was immediately transmitted
to Messrs Krupp.

In the event of the actual Certificates of Test
concerning the materials used in the construction of the boilers
and furnaces of the s.s. "ZEMBRA" being required by the Bremisches
Amt, Bremerhaven, we asked Messrs Krupp to telegraph us, but up
to time of writing we have heard nothing further from them.

We shall doubtless be hearing from them in the
course of the next few days in this connection, as also concerning
the query about the donkey-boiler referred to in the translation
of letter from the Bremisches Amt, Bremerhaven to Messrs Krupp,
extract of which was embodied in Messrs Krupp's letter to you
dated 23rd instant.

Confirming telephone conversation this morning,
we note that you are retaining the documents sent to you by Messrs
Krupp until you hear further from us following news from Rotterdam.

Meantime we would not fail to thank you for your
letter to Messrs Krupp setting forth details of the tests in
question.

Yours faithfully,
For STELP & LEIGHTON, LTD.

Director.
