71, Fenchurch Street, E.C.3.

Enclosure.

27th April, 1937.

Dear Sirs,

S. With reference to the classification in the Society's Register Book of your Steamer "BORBECK", I beg to acquaint you that the Committee have to-day had before them a report received from the Society's Surveyors at Hamburg, from which it appears that the Special Survey No. 3 has now been completed, and I enclose herewith two certificates which have been issued in this case.

I would, however, say that the Surveyors report that on account of the condition of the tubes of the donkey boiler, it was recommended that this boiler be not used again until it has been repaired and satisfactorily reported upon by the Society's Surveyors, and the vessel's class has accordingly been continued subject to this condition.

I am, Dear Sirs,

Yours faithfully,

pro Secretary.
