

ENCLOSURE

9th July, 1941.

S. Dear Sirs,

Reverting to my letter of the 12th ultimo respecting the fees for the Classification Surveys held in America on the Steamers "BLACK OSPREY" and "WESTERN CHIEF", I am now in receipt of a report from the Society's Surveyors at Baltimore to the effect that the Survey for reclassification of the Steamer "WESTPOOL" was satisfactorily carried out at their port in November/March last.

It is understood that the vessel unfortunately became a casualty before reaching this side and I, therefore, think it well to forward to you instead of to the Managers, the account for the cost of the Reclassification Survey, namely:-

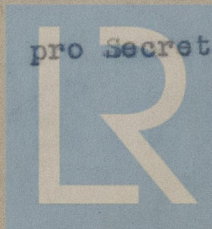

Hull	£110.
Freeboard	£ 16.
Machinery	£ 42.
Electric Light	£ 9.

I trust that you will be able to pass account to the appropriate quarters for payment.

I am, Dear Sirs,  
Yours faithfully

The Ministry of Shipping,  
County Hotel,  
BLACKPOOL.

pro Secretary
