Reference

Dear Sir,

We have your letter of the 27th instant, relating to the furnaces of the trawlers "KINGSTON CHRYSOLITE" and "KINGSTON CEYLONITE", and the distortions recently found in these, and enclosing a copy of a letter received by you from Messrs. C. D. Holmes & Co. Ltd.

With reference to the second paragraph of that letter, we do not think there is any cause for alarm, and beyond noting that some distortion was found, no action was taken, and we do not propose to recommend any restriction.

We gather from an interview with the boiler builders this morning, that the proposed investigation is at the request of the Owners who may in the near future ask us officially to join in the survey.

We are, Dear Sir,

Yours faithfully,

The Surveyors,
