

W. H. FRASER,
SHIP AND ENGINEER SURVEYOR.

Reference

Dear Sir,

With further reference to the case of the steel screw steamer "ANAMBA" submitted to examination for the purpose of re-classification with this Society I beg to report that the examination of Hull & Machinery has been carried out & the necessary recommendations made.

A price for these repairs has been cabled to the Owners Head Office in London & I am today in receipt of a letter from their representatives here in which they state that re-classification is not now required.

An account has therefore been rendered in respect of services, cables etc amounting to \$459-75.

I am, Dear Sir

Your Obedient Servant

W. H. Fraser.
