H. FRASER,  
ENGINEER SURVEYOR.

Dear Sir,

I beg to acknowledge receipt today of your cable of the 11th instant regarding the shell plate thicknesses of the S.S. "Anamba" reading:-

"Anamba plating approved provided all plates below 8/20" must be doubled or renewed in first strake below main deck sheer strake within half length amidships."

The above mentioned plating will have attention.

I would add that the cable was inadvertently addressed to "Register" Singapore instead of the registered telegraphic address "Surveyor".

I am, Dear Sir

Your Obedient Servant
