Imperial House,

Donegall Square East,

Belfast, 16th July 1942

The Secretary,

WD KINGHAM.

Dear Sir,

With reference to the Classing Letter of the 14th instant relative to the M.V. "WOENSDRECHT", we shall be glad to know if the Owners are to be requested to have the cables ranged and the two worst worn lengths removed, as on receipt of your telegram of the 28th April they were advised that they would be permitted to sail with the existing cable pending new cables being obtained.

Steps were taken to obtain permission and have these ordered.

We are, Dear Sir,

Yours faithfully,

The Surveyors.
