Dear Sirs,

³⁸
Waste Heat Boiler 3982 M.S. "Woensdrecht".

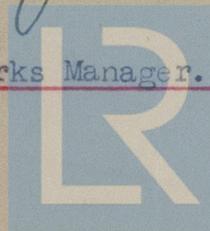

We beg to inform you that this boiler is making good progress and the tube plates are now drilled and we are proceeding to bend the shell plates after which the drilling will be proceeded with immediately, so that it will be convenient for us to receive another visit from you the middle or latter part of next week.

For your information we may state that we are making a great effort to complete this boiler by the end of the month.

Yours faithfully,
