The 1st S.S.No.1 does not become due until  
February 1912.

The Genoa Surveyors forwarded in January last a copy  
of a letter which they had received from the Owners, stating  
that as they were obliged to have their vessels classed with  
the Registro Nazionale they had decided to withdraw them from  
classification in this Society's Register.

Some repairs are being carried out to the machinery  
at Genoa, but not under the supervision of the Society's Surveyors

The case received the Consideration of the Classing  
Committee on the 13th instant, when it was decided to withdraw  
the vessel's class from the Register Book, and to insert three  
dots (...) in lieu thereof, indicating withdrawal of class at  
Owners' request,

J.H.R.
