In reply to the enquiry respecting the Special Survey No. 1, now due, the Owners state that the vessel is employed at Manaos, Amazon, and they are responsible for her condition to the Brazilian authorities, who make a survey every twelve months, as is done in the case of other tugs belonging to them. They will accordingly not proceed further with the surveys of Lloyd's Register.

The Classing Committee had the case before them on Friday, the 29th ultimo, and decided to withdraw the vessel's class from the Register Book and insert three dots (. . . ) in lieu thereof, indicating withdrawal of class at Owners' request.
