

"AQUILA"

Genoa Rpt.No.5648.

This steel screw schooner has been built by Messrs. Cantieri Officine Savoia and fitted with auxiliary Diesel Oil Engines of the 2 stroke cycle, single acting type, having 4 cylinders of 10 7/16" diameter and 15 3/4" stroke on one screw shaft, and they have been constructed under special survey in accordance with the approved plans and are reported by the Genoa Surveyors to have proved quite satisfactory on the vessel's trials.

The vessel is fitted with a Donkey Boiler on deck.

It is submitted that the vessel is eligible for the record of LMC 5.13.
