The 1st S.S.No.1 became due in January, 1911, and the year of grace expired at the end of last month.

The Owners recently stated that, as the tug was employed in their coaling business in the Brazils, and is registered under the Brazilian flag, it would be unnecessary for any survey to be held by the Society's Surveyors.

The case received the consideration of the Classing Committee on the 20th instant, when it was decided to withdraw the vessel's class from the Register Book, and to insert three dots (...) in lieu thereof, indicating withdrawal of class at Owners' request.
