

TEAK WOOD SCHOONER "BANGKOK"

---

It is submitted that the Owner of this vessel should be communicated with and informed that if he desires this vessel to be reclassified with this Society, it will be necessary for him to state when and where it will be practicable for the Society's Surveyors to undertake ~~the~~ <sup>the</sup> necessary survey. It would require to be at a port where there is stationed one of the Society's Surveyors, and a list showing the ports where the Society's Surveyors are stationed should be sent to the Owner.

It would be necessary for the Owner to furnish this information in sufficient time for the Society's Surveyors to be advised before the arrival of the vessel at the port to which she may be sent.
