

Wood Sch. "Bangkok".

This wood schooner was built at Bangkok in March 1919.

A donkey boiler made by the Bangkok Dock Co. Ltd. in December 1907. has been placed on board, it was tested by water to 240 lbs examined & found in good order, the safety valves were adjusted to 120 lbs.

No particulars of the scantlings are forwarded.

It is submitted the Bangkok Surveyor should be requested to forward the particulars of this boiler on Rpt 5a. & to obtain & forward a plan from the makers of the boiler if possible. Action in the meantime being deferred.

A few Rpt 5a. forms should be sent to the Surveyor.
