Mr Davis.

I have seen a report
connection with the
Lyth Commissioners Hopper No 13.
and No 100 - (see Supplement)
which states that the workmanship
disgraceful &c. &c. -

The report further
states that Mr Milton of
Lloyd Reg: agrees that
vessel is not properly
instructed.

The Mr Milton referred

to is I presume the
Newcastle surveyor.
Have you heard anything
of this? - if not can
you have the affair
looked into by one
of the Superior Surveyors?
The report is being circulated
& may do harm.

Yours faithfully

J. J. Storey
