LLOYD'S REGISTER  
LONDON.  
RECEIVED DEC 17 1920  
ANSO 9

TER BLUMBERRY.

It is good enough to  
know the markings on  
shells & Chaire Ribbles of the  
strawer trawler. The Admiralty  
asked me for this  
information.

Steel was reconditioned  
its mouth backward &  
working under the  
element for the Board  
agriculture & Fisheries. I do

have not been issued with the  
certificates giving these markings  
so I would be obliged if  
you would kindly give me  
this information

Yrs faithfully  
H. Burt.
