with Plans of a modern Aux-

please accept my best thanks.
Re Sloop wood vessels three or
four new vessels (Aux Wood

all leaking more or less, and
at present we have a new
classed vessel here, under survey

leaking and machinery out of order

A vessel the Astoria, new, was
in dry dock here recently and
showed a timber hogging of $12\frac{3}{4}$ "
in say 5 months time.
This I measured myself.

at hand a Book
for Wood & Composite Ships.

I am Sir

Your obedient Servant.

A. C. Heron.
