Dear Sir,

I in reply to yours of
the 6th inst, also yours of
yesterday, Before replying
I had intended seeing
your Surveyor on the matter

I called at his office
a few days since. but found
he was out & a boy in charge.
I told the boy I would
call again when I was
in the locality.
As the ship has been allowed
to drop out of your Register
and I intend to retain her
for the passenger traffic
I do not consider it important
to continue your Surveys.
The Board of Trade
doing all that is necessary,

W1397-0047

12th August, 1909.

s for this p

Referred to the Chief Ship Surveyor
and the Chief Engineer Surveyor.

however I expect to discuss
the matter with your
Surveyor.

We have had a great rush
to get the passenger
Certificate, so as to do
some work in August.
We have now completed
and intend running today.

Yours faithfully.
John Parson.
