17th January, 1918.

Dear Sir,

H.

With reference to the remarks contained in your letter of the 2nd instant relative to the Steamer "CEREA" I have to acquaint you that to complete the 2nd Special Survey No. 1 which became due on this Vessel in April last the lower bunkers require to be examined and the after peak and all double bottom tanks (excepting No. 1) to be tested.

I have to say that the Committee will authorise you to complete the inspection in question should you be requested to do so at the present time, and I shall therefore be glad if you will be guided accordingly.

I may add that the Survey has been fully carried out as regards the engines and boilers.

I am, Dear Sir,

Yours faithfully,

F. Ducoster Esq.,

NAPLES.
