

6846

Lloyd's Register of Shipping.

Port L O N D O N .

2nd August 1918.,

This is to Certify that

H.P. CORNISH.,

the undersigned Surveyor to this Society did at the request of

the British Westinghouse Electrical & Manufacturing Co., Ltd.,
examined at the works of the Power Plant Co., the gearing
intended for the turbine installation to be fitted to the
turbine of Ireland S.B. Cos No.70 built at Londonderry.

The double reduction gearing has been examined at the
works of the Power Plant Co., West Drayton, from time to time
during construction, and has been fitted up at the Westinghouse
Works, Manchester.

The wheel shaft and wheel, pinions, thrust shaft & Mitchell
turbine bearing were all examined in the rough state, also when
turned and finished.

The material has been tested in accordance with the rules
as stamped:—(H.P.)

The gearing was run on the test bench after the wheels and
pinions had been ground in

H.P. Cornish

Surveyor to Lloyd's Register of Shipping

This certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
The Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood
that the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or
entry in the Register Book or other publication of the Society, or for any error of
negligence of the Surveyors, or other Officers or Agents of the Society."
