total capacity *tons. FPT* *tons; APT* *tons; MT* *feet* *tons.*

N.B.—All alterations in the existing records should be underlined.

If the vessel has Water Ballast Tanks, state whether the manhole covers have been removed, and the insides of the tanks examined. Also state the amount of deterioration (if any) found in the thicknesses of the floors, framing, girders, and of the inner bottom plating, especially in the boiler space.

Last Report, No. 69664 Port Don

(Periodical Surveys, when held, must be reported in detail and serialism in the terms of the Rules. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent Repairs. Repairs on account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes, and besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the replacement of Anchors or Chains is reported, the particulars should be clearly stated in the space provided on the back of this form. State also the dates and initials of any letters respecting this case.)

Particulars of Classification (*which must be inserted precisely as in Register Book & Supplements*).

[illegible]

General Observations, Opinion as to Class, Recommendation, &c.:—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—“.....to remain as now classed in the Register Book *without fresh record of Survey*,” “to remain as classed and to have record of survey, 198,” or “to remain as classed and to have record of survey, 198, and the notations of ss No. 1-98 and ptND98, &c.”

This vessel is now in good and efficient condition, and is, in my opinion, eligible to remain as classed and to have record of survey 8.07.

Office Fee (if chargeable) per Scale II., Sec. 27	£	:	✓	✓	✓	Fees applied for,
