In August last the Owners stated that it was their
on to retain the classes of the above vessels but it would be
ally impossible to carry out the necessary surveys at that time,
as the height of the fishing season, and in the circumstances,
ked that the Committee would allow the surveys in question
ostponed until the Spring of 1912.

The Committee had the case before them on the 22nd August
Owners' proposal was agreed to.

On the 13th instant a letter was received from Messrs. R.
Ld.
Irvin & Sons/ of Peterhead in which they stated they had received a

...Tonnage. Built at ... By whom ...
communication from the Secretary of the London & Peterhead Company
stating that he was bringing the Secretary's letter of the 5th instant
to their next directors' meeting to see what they intended to do
regarding the classification of their drifters, and that immediately
after the meeting he would advise this Office on the matter.

The Committee had the case before them on the 14th instant
and they directed that a communication should be sent to Messrs. R.
Irvin & Sons Ltd. enquiring as to when the next meeting of the
directors of the London & Peterhead Company would take place.

Messrs. R. Irvin & Sons now write that the next meeting of
the directors of this Company will be held in the course of the next
month or two and certainly within the next month.

*Submitted for the consideration
of the Committee whether action shall
be deferred until the meeting of the
directors but not later than the end of
July.*
