In August last the Owners stated it was their intention to retain the classes of the above vessels but that it would practically be impossible to carry out the necessary surveys at that time, as it was the height of the fishing season, and in the circumstances they asked that the Committee would allow the surveys to be postponed until the Spring of 1912.

The Committee had the case before them on the 22nd August and the Owners proposal was agreed to.

A letter has now been received from Messrs. R. Irvin & Sons of Peterhead, in which they state they have received a letter

W1412-0163 1/2

from the Secretary of the London & Peterhead Company stating that he is bringing the Secretary's letter of the 5th instant before their next Directors Meeting to see what they intend to do in regard to the classification of their Drifters. Immediately after the Meeting he will advise this Office on the matter.

Submitted action he defers for a short time.
