Dear Sir, Your letter of the 4th inst addressed
to the London & Peterhead S. I. Co. has been
forwarded to me. It is our intention
to keep the boats in class but it will
actically be impossible to carry out
surveys now; being the height of the
shipping. Will you grant permission
to extend the time until the spring of
next year, when we hope to carry through
surveys.

Yours faithfully
W. H. Leask
