Ocean Chambers, Lowgate,

Hull, 13<sup>th</sup> June 1904

ference

Gentlemen

The new steam drifter "City of Glasgow," built in this district has left here today and is due in Peterhead next week, and to render her eligible for the notation of \* L m. C. 604 in the Register Book, a spare set of coupling bolts, is to be put on board, in all probability at the above named port.

Will you kindly give the necessary attention and report to London in the usual course.
