Sir,

I beg to call your attention to the

following facts:-

I have the s.s. "Coronel" in my hands for sale, and I find that she was built in 1910-8 months. Her first No.1 would be due in August 1914. In the register for 1912/13, her class is entered correctly but in the 1913/14 register I find class expunged with a red line dated January 1914, indicating non-compliance with the rules.

In the 1914/15 register which I have this day examined at the Branch, I find her class re-instated 100 A1 Para, 3-14 3-14.

This irregularity is prejudicing considerably her chances of selling as prospective buyers refer to the 1913/14 register. I hold the Hull and Machinery Certificates for her Special Survey granted by S. Hailton Jepps, and I will be greatly obliged if you will make for an explanation which I can put forward to prospective buyers.

Yours truly,
