

Lloyd's Register of Shipping.

201, Tower Building,

Liverpool, February 5th 1918.

Sir,

With reference to Messrs. W. J. Jarwood & Co's No 235 vessel now building to a contemplated class 100A "For Ferry purposes" and as requested in the Secretary's letter dated 3rd Novem. 1914 I beg to forward for the consideration of the Committee, the particulars of the equipment now proposed.

One anchor 3 1/4 cwt.
45 fathoms 1/2" diam. Shot link cable.
45 fathoms 2 3/4" hawser
45 " 2" " "

It is stated this equipment has been specified by the Owners and is the same as fitted on board their vessel at present on the Bangor to Blaumaris service.

The approved plans herewith.

Yours faithfully,

Wm. & Son Esq.

A. G. Nichol.
