Lloyd's Register of British & Foreign Shipping:

Port of Colombo.

Thursday 27th July 1906

I This is to certify that

J. H. B. Ratsey

the undersigned Surveyor to this Society did at the request of Messrs The Peninsular & Oriental Steam Navigation Company's Agents proceeded on board the s.s. "Delta" Capt. C. L. Daniel Commander for the purpose of surveying temporary repairs effected as per my recommendations (see survey report of the 26th instant) and after a careful and thorough examination found all temporary repairs completed to my entire satisfaction and leaks effectually stopped. I am therefore of the opinion that the above named vessel is now in a seaworthy state fit to proceed to her terminal port Bombay where the vessel should be dry docked and a further survey called.
