

COPY.

Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

Enclosure.

28th April, 1938.

Dear Sirs,

E.

I return herewith one copy of the plan, forwarded with your letter of the 23rd instant, of electrical equipment proposed by Messrs. Bartram & Sons for their Yard No. 279, and I have to inform you that this plan will be approved provided the installation be as shown and amended thereon, and to your satisfaction, and the remaining requirements of the Rules for Electrical Equipment be complied with.

It is noted from plan No. 246, approved in my letter of the 23rd instant, that two 10 Kw., 110 volt generators will be installed, and I have to point out that the connection of the 100 amp. double pole changeover main switch, as shown in the connection diagram, is not correct, and has therefore been amended.

I may add it is recommended that the earth lamps be mounted side by side to facilitate comparison of brilliance.

I am, Dear Sirs,  
Yours faithfully,

The Surveyors,  
SUNDERLAND.

Lloyd's Register  
Foundation  
Secretary.
