Boiler
endorsement

Shipbuilders: Messrs. *Bartram & Sons* Yard No. *279*

Makers: Messrs. *Barclay Curle* Boiler No. *87/11*

amended

It is submitted that the plan of *Main*
boiler ^s merits approval for a working pressure of *240 lbs*
per sq. *inches*, provided the boiler ^s be constructed under the
usual conditions of survey and testing.

The Steel Testing Surveyors should be advised regarding
the tensile strength of the *Shell Plates & Butt Straps*

viz:- *29-33 tons per sq inches*

The plan approved in the Surveyor's letter of 3/6/37 has been cancelled.
