Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

5th December, 1919.

Dear Sirs,

I have to acquaint you the Society's Surveyors at Barcelona state they have been informed that the steamer "BALAND" was dry-docked and her screw shaft drawn for inspection at Alexandria in September last.

I shall, therefore, be glad if you will let me know whether the inspection in question was carried out by a Surveyor appointed by your goodselves. If so, perhaps you will kindly forward a report of survey to this office in order that it may be placed before the Committee for their consideration.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Messrs. Manley & Co.,

Lloyd's Agents,

ALEXANDRIA, Egypt.
