Screw shaft survey due May 1916.

Special Survey No. 1. due July 1916.

The Milford Surveyor forwards a letter he has received  
on the Owner of this vessel reading as follows :-

"With reference of the survey of this trawler, I beg  
to inform you that she has been on the slipway for  
painting and scrubbing on Sunday. As she could only  
go after a Government patrol boat for three hours, I  
was not allowed to have her propeller and shaft drawn  
as requested. Everything however has been found in  
perfect good order."

*Submitted action be deferred.*

*The screw shaft is 7 1/2" larger in diameter than the  
Rule size and is fitted with a continuous lining.*
