The Boiler Survey became due in February, 1919
and the Special Survey No. 2 in September, 1919.

This is a tug and salvage vessel which formerly
belonged to the Customs Service of the French Protectorate
of Morocco.

In May, 1919 she was stated to have been sold
to the Director of the Port of Fedalah, of whom enquiries
were made regarding the Special Survey No. 2 and the Boiler
Survey.

No reply was received, and the Society's Surveyors
at Gibraltar also state that they have communicated with
the New Owner but without result.

The Classing Committee had the circumstances
before them on Friday, 19th instant, when it was decided to
expunge the class with a Red Line (~~3.20~~).
