Enclosure

22nd September, 1919.

Dear Sir,

With reference to the classification in this Society's Register Book of the Steamer "FACI", I beg to remind you that this vessel's boiler became due for Special Annual Survey in February last.

In the circumstances, I shall be obliged if you will kindly let me know, for the information of the Committee, what arrangements you propose making to have this inspection held.

At the same time I think it well to point out that the Special Survey No.2 prescribed by the Society's Rules will become due on the vessel at the end of the present month, and for your information I enclose herewith an extract from the Society's Rules setting forth the requirements of this inspection.

I may add that the vessel retains her class subject to the shell plating being specially examined at the next dry docking.

I am, Dear Sir,
Yours faithfully,

Littardi,
Directeur du Port de Fedalah,
FEDALAH.

Assistant to the Secretary.
