Survey due S.S. No 1 due December 1914
Screw shaft survey due April 1915

The usual preliminary notice in regard to the special survey was sent to the Owners to which no reply was received. A further letter in regard to the special survey and the survey of the screw shaft was also addressed to them on the 16th April and as no reply came to hand the Committee gave instructions for another communication to be sent asking the Owners to state what definite arrangements they proposed making to have the surveys held in order to entitle the vessel to retain her class. This letter also failed to elicit a reply and in the circumstances the Owners were written to on the 6th November and informed that definite
