

Received by Chief Ship Surveyor 10/8/10

Received from Chief Ship Surveyor _____

VESSEL'S NAME At 20' 1/2 525"

Rpt. Rot

No. 6707

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey First entry

It is submitted the Hull Surveyors be informed that in order to complete the survey on the hull of this vessel, it is necessary for the E. & B. casing tops to be riveted, the casing stiffeners to be completed and the strong beams and pillars between the E. & B. space to be riveted. They should be requested to give the case the necessary attention, and on completion, to forward a report on form 8 with a view to the classification of the vessel.
