YOUR REF.

OUR REF.

DATE

JWS/EAP/24/22. 25th. May 1937.

Dear Sir,
The Secretary,
Lloyd's Register of Shipping,
1, Fenchurch St, E. C. 3.

Dear Sir,
Clarkson Boiler for M.V. "Athelchief".

Further to our letter of the 9th. April enclosing
our Drg. 3750, of which you gave us full approval in your letter
dated 13th. April, our Works inform us that they have made one
two minor alterations to expedite manufacture. We therefore
enclose duplicate prints from our Drg. 3750.A showing these
modifications, as follows:-

- 1) The radius of the dished ends has been altered from
2'6" to 3'0" to suit dies, and the top plate has been
thickened up to 1/2" to accommodate this.
- 2) All seams of the gas casing are to be bolted to
simplify manufacture, except where the angles are
attached to the boiler.
- 3) The butt strap has been shortened as indicated, so that
it may be manufactured in one length to suit your
requirements.

We should like your official approval of these
alterations at your convenience.

Yours faithfully,
For THE CLARKSON THIMBLE TUBE BOILER CO. LTD.
