Enclosures.

28th April, 1937.

Dear Sirs,

M.V. "ATHELCHIEF".

E. With reference to my letter of the 13th instant, respecting the exhaust gas boiler to be made by Messrs. Abbott & Co. (Newark) Ltd. to the order of The Clarkson Thimble Tube Boiler Co., Ltd., and intended for the above vessel, I have to inform you that a communication has now been received from the latter Firm, stating that the Owners require a working pressure of 110 lb. per square inch in this boiler instead of 100 lb. per square inch, as originally proposed.

I enclose herewith, for your information, a copy of a letter which has to-day been addressed to The Clarkson Thimble Tube Boiler Co., Ltd. in reply, together with a copy of the finished tracing of Drawing No.3750.A.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
SHEFFIELD.
