The Secretary,  
LONDON,

Sir,

In reply to the query in the classification letter dated the 13th instant, with regard to the fitting of pillars in the fore peak and engine room of the Lighter "G.C.R.A" (Hull report No. 22442), I beg to state that no pillars were fitted in these places. The Owners objected as the spaces were so small and the pillars would be very much in the way, As the vessel was not going to sea and to be used only for dock purposes it was agreed to omit the pillars.

I am, Sir,

Your Obedient Servant.
