Lloyd's Register of Shipping,

17, Battery Place,

NEW YORK. March 16, 1922.

Dear Sir,

I have to advise you that requests have been received from the Pan American Petroleum & Transport Company for the withdrawal of the classification of the following vessels:-

| | |
|-------------------------------|---------------------|
| "GEORGE G HENRY" | "PAUL H HARWOOD" |
| " <u>FREDERIC R KELLOGG</u> " | "FRANKLIN K LANE" |
| " <u>CERRO-EBANO</u> " | "PANOIL" |
| "S. M. SPARKING" | "CRAMPTON ANDERSON" |
| "WILLIAM H DOHENY" | "CERRO-AZUL" |
| "MEXOIL" | "FUELOIL" |
| "CRUDOIL" | |

These vessels are at present classed in the Society's Register and in that of the American Bureau of Shipping, and the Owners state that for the purpose of economy, they propose to continue the classification in the latter Society only.

The Owners point out that two-thirds of their fleet still remain classed in Lloyd's Register only.

The requests for withdrawal of classification will be submitted to the American Committee at their Meeting on the 21st inst. and the reports forwarded you in due course thereafter.

I am, Dear Sir,

Yours faithfully, © 2021

Signed:- S.R. Davies.
Acting Secretary to the
American Committee.
