Oil Engine

The Annual Survey of this vessel's oil engine
became due in January, 1922, and the equipment requires to be
placed in order.

The vessel has been laid up for some time,
but the Rio de Janeiro Surveyor now states he has been informed
by the Owners that it is not desired to maintain the vessel's
classification in the Register Book.

In the circumstances the Classing Committee,
who had the case before them on Friday, 3rd instant, decided
to give instructions for the vessel's character to be withdrawn
from the Register Book and three dots (...) inserted in lieu
thereof, indicating withdrawal of class at Owners' request.
